

Redwood Plastics and Rubber is seeking a **CNC Operator** to join our Langley Manufacturing team on day shift (7:00 am to 3:30 pm; Monday to Friday). A CNC Operator is responsible for the effective operation of CNC machines, ensuring the production of high quality products.

Duties & Responsibilities

- Operate one or more of CNC machines under limited supervision. Utilize vises, fixtures, chucks, etc. concurrently.
- Perform machine adjustments where necessary.
- Perform basic equipment maintenance.
- Read and interpret drawings and blueprints to determine production methods.
- Visually or mechanically inspect parts for defects (cracks, chips, dimension, surface finish, etc.) as part of in-process inspection; records the result and notifies lead/supervisor of deviations as appropriate.
- Maintain an acceptable level of performance by following established policies and procedures, and participating in continuous improvement efforts by supporting and implementing new ideas.
- Effectively give and receives feedback; willingly asks questions and seeks direction, as needed.
- Make safety a priority - perform all functions of the job safely, proactively follow safe work procedures, and report incidents and potential hazards to the lead hand or supervisor.
- Accurately record time to work orders.
- Maintain a clean and organized work space.
- Perform other duties as assigned.

Education, Training, and Skill Recommendations/Requirements:

- High School Diploma, GED, or equivalent work experience
- 1+ year of experience in CNC Operation. **CNC Lathe and Mill experience a real asset!**
- A CNC Machinist's technician diploma is an asset.
- Experience with plastics is an asset.
- Proficient in MS Office Suite.
- Exhibits effective cooperation and communication skills to effectively work within a team environment.
- Able to read and interpret blue prints, drawings and general work instructions.
- Able to lift 50 lbs.

Rate: \$24.00 /hr - negotiable depending on experience

Notes:

- Redwood Plastics and Rubber offers competitive salary packages, medical and retirement benefits, a positive work environment, and career advancement opportunities.
- Compensation will be determined based on qualifications and experience.
