## Redco™ King Hy-Pact®

Tough, UV Stabilized  
& Cost-effective

Redco™ King Hy-Pact® is a super tough industrial polymer sheet that is environmentally stabilized with excellent physical properties that is exceptionally cost-effective.

Tests have shown after 2,000 hours of UV exposure, Redco™ King Hy-Pact® outperforms both UV stabilized HDPE and UHMW with superior toughness in wear resistance, flexibility and high-impact strength. It has a clean white color with a smooth, non-skived finish for better material flow.

Applications for Redco™ King Hy-Pact® include, but are not limited to, food processing chutes, star wheels, machine products, snowplow blades, and dock fenders. Redco™ King Hy-Pact® is available in custom widths up to 60" in a variety of custom colors (standard white).

Redco™ King Hy-Pact® is the smart choice for many high abuse applications requiring superior properties, outstanding flatness and a smooth surface while providing significant cost savings.
