

DYNAMEX™ * RISE IT

Paver Pedestal System for Ceramic & Porcelain Pavers

The Dynamex™ Rise-It Paver Pedestal System, is an integral part of your hardscaping installation.

Designed to fully support the load of installed pavers and foot traffic, while reducing vibration & shock, the system is tested to withstand over 6,500 lbs of load.

The main advantages of the Rise-It system are simplified and reliable installation, improved drainage and protection of critical roofing membranes and moisture barrier systems.

Precision manufactured and durably made from 100% recycled materials; Due to their high-load bearing properties and ease of leveling, the Rise-It system can be used to convert unused roof space into valuable patio real estate. Apply over broken sidewalks or uneven concrete areas to convert them into well-drained, level surfaces for entertaining, storage, or improved access.

Lightweight & Easy to Install

Resistant to the Elements

Extreme Environments
 From -58°C (-76°F) to 105°C (221°F)

Excellent Load Bearing
 Tested to Exceed 6,000 lbs of Load

Anti Vibration
 Adsorbs Shock & Impact

Exceptional Project Value
 Made from 100% Recycled Components

*Multiple Patents Pending

Assembly Guide

Complete installation guide is available, please inquire.

Applications

- Rooftops
- Terraces & Decks
- Patios
- Balconies, Verandas & Porches
- Around Swimming Pools
