

MAKE. CREATE. INNOVATE.

POSITION SUMMARY

As the CNC Operator, you will be our ideal candidate if you are able to read and analyze blueprints, read G-Code, machine plastics and steel, communicate material and/or program needs, and execute quality control. Of particular value to us is your ability to focus on collaborating with supervisors, management, and other team members to achieve company goals and KPI's.

WHAT YOU WOULD DO:

- Balance excellent safe working habits with a healthy sense of urgency.
- Set-up and Operate various CNC machines
- Determine tooling, tool-paths, setup methods and fixtures to produce parts in most efficient manner
- Execute work orders relative to the scheduled due dates set by our scheduling department.
- Embrace collaboration; accept suggestions, and a mentality of continual improvement.
- Organize the production area's workflow. Ensure resources are effectively utilized.
- Be accountable for final product quality.
- Lead by example. Safety in production begins with you.
- Maintain a clean and organized work space.
- Perform other duties as assigned.

WHAT YOU ARE REQUIRED TO OFFER:

- Minimum of 2 years' experience required
- Ability to show initiative and manage your time as part of a high-functioning team
- Able to communicate in English language - both written and verbal
- Willingness to work one of the following
 1. **Monday - Thursday** - 5:00 A.M. - 3:30 P.M. **OR** 3:00 P.M. - 1:30 A.M.
 2. **Friday to Sunday** - 6:00 A.M. to 6:30 P.M. (work 36 hours and paid for 40 hours)

YOUR BENEFITS:

- Competitive compensation and profit sharing
- Excellent benefits package
- Vacation time
- Training and development opportunities
- Supportive culture
- 5 Days paid sick leave
- On-site gym
- Healthy and positive work environment
