

PROTECT EDGES WITH U-CHANNELS

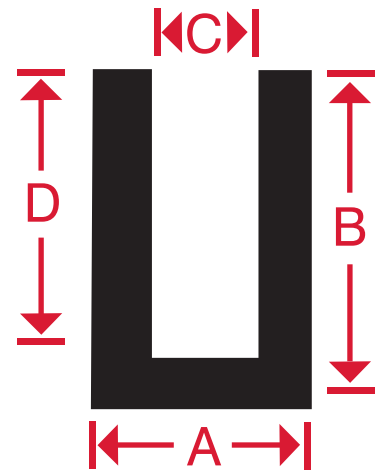

Our U-Channels are designed to protect sheet metal, panels and glass during operations. The channels can absorb shock and impact, extending the life of your products and saving costs on replacements.

All dimensions and tolerances are based on RMA E-3.

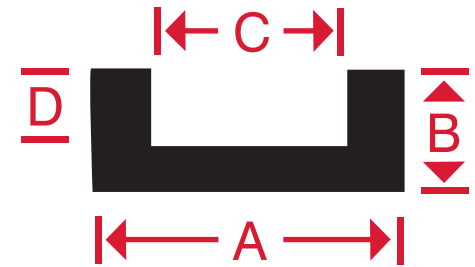

The dimensions below are **NOT absolute** and can slightly vary depending on a variety of factors. Dies may have to be custom built to obtain a specific dimension for a required durometer and compound. Please contact our sales department for more exact specifications.

Item Number	A	B	C	D
D00042 (SBR)	1/4"	1/4"	1/8"	3/16"
D00695 (SBR)	15/16"	3/4"	7/16"	1/2"
D00131 (NEO)	11/16"	1-1/4"	3/16"	1"
