

BLOCK DEBRIS WITH T-SCALES

Our T-Scales are manufactured from a tough, flexible and abrasion-resistant synthetic rubber. Made in North America our T-Scales keeps debris, dirt and snow out of scales, reducing overall maintenance and operational cost.

Our T-Scales are available in flat or curved top, and other sizes to meet a variety of industry specifications. They are engineered to be easily installed and removed, reducing complexity in your operations.

All dimensions and tolerances are based on RMA E-3. Custom sizes and shapes are available following your requirements and project needs.

The dimensions below are NOT absolute and can slightly vary depending on a variety of factors. Please contact our sales department for more exact specifications.
