

## Prevent Leakages with P-Seals

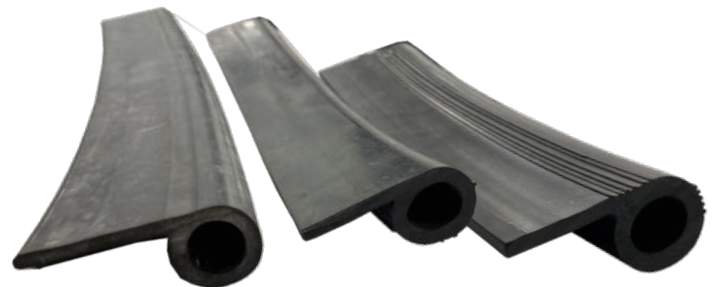

Redwood manufactures a variety of bulb or "P" seals that are designed to keep water, dust or other contaminants out of certain areas in your equipment or machinery.

Our P-seals are engineered to be embedded in areas with high compression to cover gaps, block dust and reduce heat loss. We make our seals from resilient, heat-resistant elastomer materials to provide long-lasting protection in kiln and oven applications.

**All dimensions and tolerances are based on RMA E-3. Custom sizes and shapes are available following your requirements and project needs. The dimensions featured on this document are NOT absolute and can slightly vary depending on a variety of factors.**

**Please contact our sales department for more exact specifications**

Item Number	A	B	C	D
D00015 (EPDM)	1-3/16"	5/8"	3/8"	5/32"
D00087 (EPDM)	2"	1/2"	3/8"	1/16"
D00099A (EPDM)	2-1/4"	7/8"	1/2"	5/32"
